

Clearly and specifically detail how you will address each critical “REQUIREMENT” listed below in your plan. While crafting your responses, it is imperative to work through the Connecticut School Reopening Plan which elaborates on certain requirements with additional considerations and also includes “GUIDANCE” to consider while developing a unique local approach.

Academics, continued	School Plan
<p>English Learners (ELs)</p> <ul style="list-style-type: none"> Understand that like all other students, ELs are entitled to FAPE. The Civil Rights Act of 1964, Title IV, the Equal Educational Opportunities Act (1974) and the Elementary and Secondary Education Act (1965) provide guidance on the services to which ELs are entitled. ELs must have access to the general education curriculum as well as to a supplemental language instruction education program. During school closures due to COVID-19, ELs continue to be entitled to receive their supplemental EL instructional program in addition to their general education program of mainstream, grade-level and content-area instruction. Such language instructional education programs may consist of a range of services, including bilingual education, English as a Second Language (ESL), Sheltered Instruction and others. When returning to school buildings, language instruction education programs must continue Comply with the requirement that eligible students in bilingual mandated districts are offered bilingual education programs. During COVID-19, school districts that are mandated to provide bilingual education remain required to offer a bilingual program to eligible students who have opted into the program. While program implementation may be altered during COVID-19 as compared to traditional in-building schooling, students in bilingual programs are still entitled to receive native language support as part of their school’s designated bilingual program model. As with other language instruction education programs, when returning to traditional schooling, bilingual programs must continue. Communicate with parents and guardians that have limited proficiency in English in a language they understand as required by Title III of the Elementary and Secondary Education Act. As during traditional schooling, communications during school closures due to COVID-19 may be provided through translation and/or interpretation. Provide ELs who are also identified as students with disabilities supports for their EL needs, as well as supports for their disabilities. During COVID-19, these dually identified students must continue to receive these supports. As in times with traditional schooling, dually identified students should have their language needs represented in their annual meetings about their IEP. 	<ul style="list-style-type: none"> Strategies will be identified to engage populations and specific students that have been disengaged or underserved during the last quarter of the 2019-2020 academic year The Gilbert School has a robust program to continue the quality education it provides to the English Learner population, including ELL Classes and instruction as appropriate. These educational opportunities will be offered during in-session schooling, the blended learning model, and full eLearning operations The Gilbert School is not in a bilingual mandated district. Communications with parents and guardians who have limited proficiency in English will be done with the assistance of translation and/or an interpreter. Students who are identified as both English Learners and Special Education students will receive their educational supports as needed.
